PROFESSIONAL SUMMARY

UX/UI Designer with 3+ years of experience designing end-to-end product experiences across B2B SaaS, AI-powered platforms, and marketing automation tools. Skilled in building scalable design systems, simplifying complex workflows into intuitive interfaces, and partnering cross-functionally with product and engineering teams to deliver polished, developer-ready designs.

PROFESSIONAL EXPERIENCE

UX/UI Designer Sept 2024 – July 2026

CloudPeak Technologies Pvt. Ltd.

- Led end-to-end product design across multiple products within QuickHub, a B2B SaaS business automation suite for SMBs, delivering responsive web and mobile experiences from research through final UI.
- Built and maintain a scalable design system with reusable components, improving visual consistency and accelerating design and development workflows across the product suite.
- Designed Quick CRM and Quick Campaign, covering lead management, sales pipeline, task management, analytics, email campaign creation, scheduling, and performance tracking to streamline workflows for B2B sales and marketing teams.
- Designed Quick Social, a social media management platform enabling businesses to plan content, publish across multiple channels, and manage audience engagement from a single dashboard.
- Designed Quick Chat, a no-code chatbot builder enabling businesses to create, train, and deploy chatbots on WhatsApp and web, including WhatsApp Business API workflows for messaging automation and broadcast campaigns.
- Partnered closely with product managers and developers throughout the design process to ensure complete, developer-ready handoff.

UX/UI Designer July 2022 – July 2023

Muks Robotics – The AI Company

- Served as sole designer at Muks Robotics, working directly with developers and the CEO to deliver user-centered design across all products.
- Designed the MuksOS Android launcher UI from scratch and built a complete design system to ensure consistency across the product.
- Collaborated with the marketing team to produce promotional materials, including graphics, videos, Google Ads creatives, social media posts, logo design, and high-quality Lottie JSON animations for in-app use.

UI/UX Design Intern Apr 2022 – June 2022

DutyPar AI Technologies Pvt. Ltd.

- Improved the attendance tracking workflow and analytics dashboard for an AI-powered school management platform, creating a more intuitive experience for school administrators.
- Collaborated with the marketing team to create promotional materials, including brochures, standees, and social media graphics.
